

1. Founder-market fit

Team has operated community marketplaces and personally recruited first 50 supply-side partners.

2. Problem urgency

Independent experts struggle to sell small consults; buyers use fragmented spreadsheets and warm intros.

3. Insight

Trust forms when buyers can see a concrete proof trail, not when a marketplace claims breadth.

4. Solution

A focused expert-discovery workflow with verified profiles, sample work, and lightweight booking.

5. Wedge

Start with AI tooling consultants serving seed-stage founders and boutique agencies.

6. Market logic

Initial wedge is narrow, but the repeatable workflow expands across expert verticals over time.

7. Why now

AI adoption has made expert selection more urgent and more confusing for buyers.

8. Demand evidence

35 discovery calls, 12 buyer interviews, 8 experts ready for beta, 3 paid pilots under discussion.

9. Distribution

Founder-led outbound, partner newsletters, and expert referral loops drive first liquidity.

10. Business model

Take rate on booked calls plus subscription tools for expert teams after repeated usage.

11. Ask

Raising \$750k to prove repeat booking, expert activation, and one vertical expansion milestone.
